Specialty Practice details

At East Tennessee Children's Hospital Pediatric Surgery, we provide surgical services specifically designed for children.

We believe in individualized patient care guided by current evidence-based practices. We also believe that treatment is not something that happens TO a patient but rather WITH a patient and seek to empower patients and their families to not only understand their care but to become active partners in it.

Specialty Practice details

At ETCH Pediatric Surgery, we provide procedures that address a broad range of conditions:

- Abdominal Conditions
- Urinary or genital disorders
- Thoracic disorders
- Oncology
- Endocrine disorders
- Head and neck
- Trauma
- Skin
- Vascular
